

KEYFACTOR

Dear [Manager's Name]

I would like your approval to attend Keyfactor's Tech Days at Pendry San Diego from February 23-25, 2027. Keyfactor Tech Days brings together engineers, architects, and security leaders who are shaping the future of digital trust in the AI and quantum era. The event focuses on the challenges organizations face as machine identities, cryptography, automation, and AI become increasingly critical infrastructure.

While attending, I will be able to meet and network with cybersecurity leaders from global organizations, top security experts, and participate in thought-leadership sessions with others in the industry to create and strengthen new and existing partnerships for our company. I plan to strengthen my skills in [A], [B] and [C], and walk away with:

- [Goal 1]
- [Goal 2]
- [Goal 3]

As you can see, Keyfactor Tech Days will equip me with practical strategies to operationalize trust in real time, strengthen our cryptographic posture, prepare for a quantum-ready future, and address the growing complexity of machine identities, workloads, and AI.

Keyfactor Tech Days will cover the following topics that are relevant to my work:

- [Topic 1 and why it matters]
- [Topic 2 and why it matters]
- [Topic 3 and why it matters]

I am confident that my attendance will directly influence the quality of my work on [Project Name]. Upon my return, I will commit to sharing the new ideas, knowledge and key takeaways with the team.

Here is the approximate cost of my attending Keyfactor Tech Days:

- Airfare/travel: [\$ amount if applicable]
- Hotel: [\$ amount if applicable]
- Event registration: [\$ amount]
- Total: [\$ amount]

Registering now will be more cost-effective, as I can secure a spot and book within the conference hotel room block. You can read more about the conference at: <https://www.keyfactor.com/tech-days/>

Thank you for taking the time to review this request. I am looking forward to hearing from you.

Best,

[Your Name]
